DETAILED ACTION

Response to Arguments

1. The applicant amended the claims in an attempt to overcome the 112 rejection set forth in the previous office action. The examiner submits that the amendment did not resolve the issue and is asserting the 112 rejection again. The headphone outputting independently with respect to the rear-seat speakers does not resolve the issue of whether or not the rear speakers and the headphone are receiving a separate signal or the same signal or same source. Clarity is needed.
2. Claims 2-15 are withdrawn from consideration

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1,16 and 17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 recites “

a front-seat speaker and a rear-seat speaker for outputting reproduced audio from said audio visual devices;

a headphone for rear-seat passengers for independently outputting a reproduced audio from one of said audio visual devices arbitrarily selected by the rear-seat passengers through a rear-seat control;

an operating device mounted in a front seat area in a neighborhood of a driver for performing a predetermined operation by the driver;

a control device for outputting a first control signal based on the operation performed by said operating device; and

a first signal attenuator for abruptly attenuating an input signal to said headphone

Art Unit: 2614

independently of an input signal provided to the rear-seat speaker, in response to said first control signal such that a volume in said headphone is zero. “

The examiner is unclear as to whether or not the rear speakers and the headphone are receiving a separate signal? Clarity is needed.

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
